

AHMED GAWEESH

IT SUPPORT | NETWORK & SYSTEMS OPERATIONS | JUNIOR SECURITY

Ottawa, ON | 819-319-0824 | ahmed.gaweesh@icloud.com | [Technical Portfolio](#)

PROFESSIONAL PROFILE

Entry-level IT professional with a completed three-year Advanced Diploma in Computer Systems Technology - Security and hands-on applied-project experience across user support, Windows and Linux administration, networking, security monitoring, PKI, cloud fundamentals, and task automation. Strong troubleshooting, documentation, and customer-service skills; ready to contribute in IT support, service desk, NOC, infrastructure operations, or junior security roles.

TECHNICAL SKILLS

Support & systems: Windows 10/11, Windows Server, Active Directory, Group Policy, DNS/DHCP, endpoint troubleshooting, patching, hardware diagnostics, ticketing and escalation concepts

Networking & security: TCP/IP, routing, NAT, VLANs, VPN concepts, Cisco ASA, Palo Alto NGFW, PKI, X.509 certificates, TLS/mTLS, system hardening

Monitoring & analysis: Wazuh, Splunk, Nessus, Wireshark, Windows Event Logs, Syslog, alert triage, log correlation, vulnerability assessment, remediation validation

Platforms & automation: CentOS, Ubuntu, VMware, Hyper-V, AWS and Azure fundamentals, Python, PowerShell, Bash, Cisco CLI, workflow and administrative task automation

SELECTED APPLIED PROJECTS

Enterprise Firewall & Network Migration | *Cisco ASA, Palo Alto NGFW, routing, NAT, HA*

- Planned and executed a phased multi-site firewall migration in a simulated enterprise environment, preserving connectivity through structured validation and rollback planning.
- Configured routing, NAT, security policies, and high-availability parameters; documented implementation steps and troubleshooting results.

Secure Multi-Tier PKI Deployment | *OpenSSL, Apache, CentOS, TLS/mTLS, X.509*

- Built a multi-VM certificate infrastructure and secured application tiers with certificate-based authentication.
- Managed certificate issuance, renewal, revocation, CRLs, and validation testing across endpoints.

Security Monitoring & Incident Triage | *Wazuh, Splunk, Windows Event Logs, Syslog*

- Monitored and triaged simulated alerts, correlated endpoint and firewall logs, investigated indicators of compromise, and documented findings and remediation actions.
- Automated repeatable analysis and administration tasks using Python, PowerShell, Bash, and command-line tooling.

Vulnerability Assessment & Hardening | *Nessus, Windows Server 2022, Windows 10*

- Identified security weaknesses, prioritized remediation, applied configuration hardening and patching, and validated results through rescanning.

EDUCATION

Advanced Diploma, Computer Systems Technology - Security | Algonquin College, Ottawa, ON | April 2026

Certificate, Cyber Security Analysis | Algonquin College, Ottawa, ON | 2025

Certificate, Cloud Development & Operations | Algonquin College, Ottawa, ON | 2024

Diploma, Computer Systems Technician - Networking | Algonquin College, Ottawa, ON | 2024

CUSTOMER SERVICE EXPERIENCE

Independent Driver & Customer Service Professional | Uber Canada, Ottawa, ON

- Completed more than 10,000 customer trips while maintaining a 95%+ satisfaction rating through clear communication, reliability, problem solving, and calm service under time pressure.
